Professional Summary

Full Stack Developer skilled in building scalable and responsive web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in frontend development, REST API integration, backend services, and database management. Strong understanding of modern JavaScript ecosystem, component-based architecture, and responsive UI development. Passionate about developing efficient and user-focused applications with clean and maintainable code.

Experience

Mitroz Technologies

Full Stack Developer Intern

Pune, India

Dec 2025 – Present

- Developing and maintaining full stack web applications using React.js, Node.js, and MongoDB.
- Building reusable frontend components and integrating REST APIs with backend services.
- Working on responsive UI design, application performance optimization, and debugging.
- Collaborating with developers using Git and GitHub workflows.
- Participating in testing, API integration, and feature implementation.

Technical Skills

Languages: JavaScript (ES6+), Java

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Zustand, Formik, TanStack Query, React Router, Axios

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code, Chrome DevTools

Other: Responsive Design, API Integration, State Management, Component-Based Architecture, DSA

Education

Indira College of Engineering and Management

Master of Computer Applications (MCA), CGPA: 8.42

Pune, India

2024–2026

MMCC College, Pune

Bachelor of Computer Applications (BCA), CGPA: 7.98

India

2021–2024

Adarsh Junior College

HSC (12th), 78.67%

Pune, India

2020–2021

Adarsh Vidya Mandir

SSC (10th), 69.80%

Pune, India

2018–2019

Certifications

Udemy: Java Spring Framework 6

freeCodeCamp: JavaScript Algorithms and Data Structures

freeCodeCamp: Back End Development and APIs

Projects

Project Management System: Developed a full stack project management application with task tracking, issue management, and REST API integration. Implemented reusable UI components, authentication, and database operations.

Tech: React.js, Node.js, Express.js, MongoDB, Zustand, TanStack Query

EyeCare Admin Panel: Built a clinic management dashboard for appointments, billing, and patient records with frontend-backend integration and responsive UI.

Tech: React.js, Express.js, MongoDB, Formik, Tailwind CSS

Gym Frontend Website: Designed and developed a responsive fitness website showcasing subscriptions, services, and gallery sections using reusable React components.

Tech: React.js, Tailwind CSS

Mushroom System (Workspace Management System): A comprehensive workspace management system designed to help teams organize tasks, manage projects, and streamline collaboration efficiently.

Tech: React.js, JavaScript, REST APIs, Java

InsightMate AI — Data Cleaning Platform: Developed frontend and backend modules for AI-assisted data cleaning workflows, analytics visualization, and file processing.

Tech: React.js, FastAPI, MongoDB, TanStack Query

Positions of Responsibility

Volunteer, College Fest — Coordinated technical activities and event logistics.

Participated in coding competitions and web development events.

Organized technical workshops and collaborative student activities.

Interests

Trekking, Web Technologies, UI/UX Design, Tech Blogging, Gaming
